Shag Dance Exhibitions for your convention, meeting, wedding reception, or party!....

Randy and Sue Bowling are Shag dance instructors and have taught at many of the popular clubs in the N Myrtle Beach area. We have 12+ years of experience teaching and demonstrating North and South Carolina's famous SHAG! We have taught hundreds of people to shag and we are well experienced at giving an entertaining and professional presentation for your event.

Presentations typically include a history of the dance with stories about how we learned and grew up shagging to beach music. We perform an exhibition of our well known, smooth dance style and invite volunteer audience members up to the stage to learn some basic steps! We tell all about how you can learn to shag dance as well as about the dance party scene in N Myrtle Beach.

The presentation typically takes about 20 to 30 minutes and is perfect for after dinner entertainment at your convention or party. We are also able to provide additional services such as beach music, dance lessons (workshops), or extended dance time.
